## **Introducing:**

---

A group of company who is going to lead & introduce a marine supplier “Saami Marine Services” which meet the international look for its experienced people who has come from different leading company in international reference. From the establishment we promise to make a world class marine service and supply solution with our team of expertise at Chittagong port & Mongla port.

Saami Marine Services was created in 2005 by a smart, expert, hardworking team with a promise to provide good service with minimizing cost & principle satisfaction.

Saami Marine strives to meet this challenge by centralized commercial and marketing activities, thereby allowing it to offer a high standard of service to its present and future clients in all shipping market segments: container, ro/ro services, tanker and bulk operations.

To facilitate Saami marine’s clients' needs, offices have been created in Chittagong and Mongla to develop the activities of each partner and to manage global contracts with Principals. These offices facilitate a rapid response to clients needs be it for commercial, operational or financial matters. It also allows direct involvement in specific sectors such as tanker operations where international emergency response plans have been introduced.

Teamwork is the key of the network management and Saami Marine Services success today depends on the satisfaction of our customers and the mutual success of its clients business.
